

MOTR[®]

SMART FITNESS MADE SIMPLE

MOTR®: Unlimited programming, limitless results.

MOTR® is way **MO**re Than a **R**oller. Work on different exercise categories depending on what you and your clients feel like doing, all on an easily portable 43" cylinder. It's perfect in any fitness setting - clubs, studios, clinics and home.

What do you want to work on today?

GROUP X PERSONAL TRAINING

It can be challenging to keep sessions fresh. Not with MOTR. Functional training, cardio, upper body, lower body: focus workouts on one area, or mix and match from each of our Exercise Tracks.

PILATES STUDIOS

MOTR is an excellent complement to your Pilates program. (Try Reformer exercises on it!) It's also an exciting, low-cost alternative to equipment classes, for people who may not think they can afford Reformer classes.

REHABILITATION

MOTR provides a way to implement mind-body rehab at a fraction of the price tag and floor space needed for larger equipment. It's an awesome tool for improving balance and offers gentle strengthening exercises that are easy on the body. Great for post-rehab, too.

AT HOME

Economic in price and floor space, MOTR gives you an abundance of exercise categories from Pilates to functional training. Comes with exercise flash cards and a DVD with two additional workouts.

Core | Agility | Upper Body | Lower Body

SO SIMPLE TO GET STARTED.

Discounted bundles* make it simple and affordable to get your MOTR program up and running. Bundles include:
